Subject: Recommendation for Nickolas Harris

This letter is in recommendation of Nickolas Harris. Nickolas has been a full time teacher at Modern Knowledge Schools since starting in September of 2011. During this time he has performed his job well and met all expectations that we have for new teachers. I have known Nickolas to be very active and dedicated to his students during his time at Modern Knowledge Schools.

This year Mr. Harris took on a schedule that included Sociology and Economics in our American Diploma program. In both of these areas he has done very well. When I observe Nickolas' classes the students are engaged and on task. He puts a lot of work into preparing lessons that will challenge and interest our students, and he has helped to develop cross-curricular assignments with other teachers.

Despite being new, Nickolas has immersed himself in activities here at MKS. Even before he arrived in Bahrain, Nickolas was asking me about the possibilities of coaching soccer at our school. Although all of the head coaching positions were already filled he joined as an assistant coach. Later in the year he helped to form an after school soccer club for students when the regular season was finished. Not limited to sports, he has also been one of the sponsors of a new 'University Club' which was designed to help students, especially younger students, define their goals and learn how to get information.

I recommend Mr. Nickolas Harris to any faculty which has a position for him and any administrator that may be considering hiring him. I believe that Nickolas will be a welcome addition to any school community that is fortunate enough to hire him. If you require any further information please contact me at the numbers given above.

Signed,

A handwritten signature in cursive script that reads 'D. Bailey'.

David Bailey
High School Principal
